Ground School – Gas Engines

Date: **Tuesday, Feb 24th, '09**
Times: 7:30 pm
Location: Harrison Twp. Rosso Hall
Format: Presentation/Discussion

Presenters: Paul Newby

We've talked about GLO...
Now let's take a look at.....

GASSERS!!!

For more info., contact Noel Hunt at
hunt4it@comcast.net
Or visit www.rccd.org

- What makes that big boy tick?
- What are the different types of ignition systems and which one should I use?
- Does size really matter?
- How does gasoline compare to glow
- What's going on inside that carburetor?
- What about tank location and how does it effect my gasoline engine?
- Induction system.....what's that?
- Just what is the Stoichiometric ratio and why should I care?

This will be a good evening for all levels of ability. Even if you "know it all", join us and share your perspective.

As usual, pilots are encouraged to bring new aircraft that they would like to have inspected.

Non-RCCD members are also welcome.
