---

All,

**The RCCD Wetzel RC Airfield is OPEN for flying.**

**The DNR has set a Limit of 10 people flying at the Field at the same time.**

We have received approval from the DNR to open the field for flying following the DNR required process (... Covid-19 preparedness and response plan ... “the PLAN” attached). We will be posting the required notices at the field and ask that ALL members follow the guidelines in the PLAN. It is important that all members follow the PLAN to protect our airfield access and keep the bureaucracy at bay.

Your attention to the details of the PLAN is appreciated and expected.

PLEASE READ and UNDERSTAND the PLAN contents PRIOR to going to the Field to fly.  
PLEASE READ and UNDERSTAND the Covid-19 Symptoms Poster prior to going to the field.

**MOST IMPORTANTLY, if you think you have Covid-19 symptoms (see attached poster) DO NOT GO TO THE FIELD! GO to a DOCTOR!**

If someone at the field shows Covid-19 symptoms please contact myself ([Secretary@rccd.org](mailto:Secretary@rccd.org)) or a Board Member immediately. The reported person must go to be tested for Covid-19.

It’s been a long drawn out battle to get the field open for flying, please do not ignore the requirements. Our Airfield, our Club, and our LEASE depend on your following the PLAN requirements.

Whether you agree with the requirements or not, please follow the rules for the club’s sake.

Thanks, Dennis Legowsky
